

What is an Apprenticeship?

An Apprenticeship is a proper job combined with structured skills development and ongoing assessment.

An apprentice is employed and paid whilst they learn, and the Apprenticeship ultimately gives them the professional skills, knowledge and the experience to do a specific job. Apprentices acquire their skills through a mix of workplace learning, formal classroom learning, and practising tasks in a genuine work environment.

Why choose an Apprenticeship?

- ✓ It's a paid job – you can start earning!
- ✓ You'll get proper skills and qualifications that employers want
- ✓ Opens great opportunities to progress – both in your career and into higher level training
- ✓ Train at a pace that suits you
- ✓ Paid holidays just like other employees
- ✓ Gives you increased earning potential

There are a wide range of Apprenticeships available, in almost every sector of industry.

1. On an Apprenticeship, you are employed and follow a training programme which gives you the skills to do your job to industry standards.
2. Training is a mix of on-the-job skills practice and classroom learning. Throughout your Apprenticeship, you will be supported by a college or training organisation, and a workplace mentor.
3. An Apprenticeship lasts a minimum of 12 months. Many apprentices stay on with their employer once they have completed their training. Chances of long term employment are much higher when apprentices work hard and make the best impression.
4. Apprenticeships are a proven route into successful, well paid employment and as your career develops, you can progress onto **higher or degree Apprenticeships** which are equivalent to university level education.

What levels are there? There are different levels of Apprenticeships as outlined below

Name	Level	Equivalent educational level
Intermediate	2	5 GCSE passes at grades A* to C
Advanced	3	2 A level passes
Higher	4, 5, 6 and 7	Higher Education Certificate/Diploma/Foundation degree
Degree	6 and 7	Bachelor's or master's degree

Entry requirements

Because Apprenticeships are real jobs, entry requirements will vary depending on the employer's requirements. If necessary, Apprenticeship training providers can help prepare individuals to reach the levels required by the employer before they go for interview.

This could be by providing a place on a Traineeship to those who aren't quite ready for an Apprenticeship. This allows individuals to get help with things like Maths and English, and gain work experience before applying for an Apprenticeship.

How to apply?

To find Apprenticeship vacancies, visit [gov.uk/apply-apprenticeship](https://www.gov.uk/apply-apprenticeship).

You can register to receive updates for vacancies in particular sectors or geographical areas. You can also search recruitment websites and in the jobs pages of local press as employers often advertise Apprenticeship positions themselves. Apprenticeships vacancies are available all year round.

To find out more about all levels of Apprenticeships in Liverpool City Region visit www.apprenticeshiphub.org.uk
www.be-more.info
www.gov.uk

The Key Facts

1. Choice

Higher and Degree Apprenticeships are currently available in around 30 industry sectors. This is set to increase over the coming months and years.

2. Employment rights

An apprentice is employed with the same rights as other employees e.g. an employment contract and paid leave.

3. Costs

Training costs are covered by the employer and the Government.

4. Training structure

Higher apprentices combine their employment with part-time study at college, university or with a specialist training organisation.

5. Length of study

Apprenticeships take between one and five years to complete.

6. Entry requirements

Depends on the sector and prior skills. Some candidates may have to start on an intermediate or advanced Apprenticeship to build up occupational skills in sectors such as engineering.

7. Wages

Apprentices earn the minimum wage of £3.90 per hour, after the first year Apprentices aged 19 or over earn minimum wage for their age.

8. Avoid debts

Individuals who choose higher Apprenticeships over traditional university routes will avoid annual university tuition fees of £9000, plus any associated living costs.

9. Incentives

Apprentices can purchase a NUS Apprentice Extra Card for £11 per year giving discounts on a variety of products and services.

All apprentices aged 19-24 in the city region have access to half price bus and train travel for the duration of their course.

At the age of 28 I had no knowledge of plumbing, but on my apprenticeship Machmade has supported me in all elements of my training and has marked out a career progression for me post apprenticeship. Believe in yourself and never think it is too late to take a chance. I started my apprenticeship at 28 with a young family, if I can do it anyone can.

LIVERPOOL CITY REGION

APPRENTICESHIP HUB AMBASSADORS

The Liverpool City Region Apprenticeship Hub Ambassadors are shining examples of Apprenticeship success and they play a key role in supporting the region to raise the profile of Apprenticeships. In doing so, they contribute to the City Region's aspiration to deliver 20,000 Apprenticeships per annum by 2020.
